DANIEL COMITO

Orrville OH, 44667 | (330)-641-3750 | comitodan@gmail.com | https://www.linkedin.com/in/daniel-comito-5027892aa/

Proactive sophomore cyber operations student seeking to obtain a summer internship to apply knowledge in cybersecurity, software development, and network defense while aiding in the development of the security field.

- Python/Java/Lua
- Nmap
- Autopsy
- AI literacy
- Reverse Engineering
- Palo Alto Firewall
- Linux/Windows
- Git
- OSINT
- Time Management
- CTF Experience
- Pentesting
- Bash
- Backend API
- Ansible
- C/C++/C#
- Competition Dev
- Splunk
- Proxmox
- Microsoft Office

EDUCATION

Cedarville University (ABET Accredited, NCAE-CO, NCAE-CD) Cedarville, OH

Major: Cyber Operations Anticipated Graduation: May 2029

Minor: Bible

Relevant Coursework: Intro to Cybersecurity; Calculus I + II, Intro to programming with C++; Digital Logic Design; Basic Cyber Maneuvers, Advanced Cyber Maneuvers, Object Oriented Design w C++; Data Structures w Java; Operating Systems; Cyber Defense; Cyber Forensics; Computer Architecture; Discrete Math; International and Domestic Terrorism

Honors: Dean's List (Jan. 2025); 2 Cedarville University Cyber Challenge Coins

EXPERIENCE

Cyber Competition Leadership Multi-location/Online

CCDC Vice Captain and Linux Side Palo Firewall head engineer Sept 2025–Present

- Lead a team in responding to cyber threats by scouting new members, preparing meetings, and discussing with cyber leadership how to adjust practices to prepare for national competition
- During competition handle preparing and managing a Palo Alto firewall. Involves defending Ecom, Webmail, Splunk, Http, AD/DNS, and FTP services from a professional red team using access on the individual machines, Palo Alto firewalls, and a VyOS router
- Competed on the team that progressed from Qualifiers (1st) to State (1st) to Regionals (2nd) to National Wildcard (5th)
- Independently conducted and documented a full pentest of a competition inject network to be added to our network, while maintaining our team firewall under red team fire, contributing to our team's jump from 5th to 2nd at Regionals

CEDARCON Online/Cedarville Cyber Lab

Primary Development Team Member Spring 2025–Present

- Codeveloped a from-scratch initiative to accelerate freshmen involvement in the cyber program at Cedarville University including brainstorming, machine configuration, administrative organization, mentor/mentee assignments, documentation, inject grading, and much more
- Simplified CCDC, CPTC, and NCL competitions into a format friendly for freshmen
- Created a process to analyze freshmen success to scout for future cyber team members
- Designed vulnerable systems for Freshmen, implemented discoverable C2s, and crafted a CTF involving a variety of subjects such as reverse engineering, OSINT, password hashing, cryptography, forensics and more

Cyber Competition Participation Online

NSA Codebreaker Participant Oct/Nov 2025–Present

- Heightened skills and experience in cyber by completing part of Codebreaker
- Working to start a program to debrief Codebreaker post-competition among peers at Cedarville

NCL Participant October 2025–Present

- Scored fairly for a freshman

ACTIVITIES

National Evangelism Team; Lead Soundboard Tech Orrville Grace Brethren Church; Various Mission trips; Orrville Grace Brethren Church Choir; Campus Orgs include: Swing Dancing Org, Dungeons and Dragons Org; Daggerheart Campaign; Sanctified Shenanigans
